

## AUDI Q7 2006 - 2014 – our ref H0452

### IMPORTANT – Fitting notes

There are at least 3 models of the Audi Q7 on the market. We have created one Bootliner to accommodate all 3.

The nearside panel skins over the front face of the storage net.

The offside panel follows the contours of the slight recess

**HOWEVER** models WITH an offside recess:  
*The Bootliner does NOT go into this recess it will skim over the front of it*
