2 variations available for the BMW XI 2009 on

Please take some time to consider which of the 2 most suits your requirements.

SHAPE 1 – “Reclined”

**LOOK AT THE ANGLE OF THE
REAR SEAT BACKREST**

The rear seat backrest is reclined as far back as possible.

SHAPE 2 – “Upright”

**LOOK AT THE ANGLE OF THE
REAR SEAT BACKREST**

The rear seat backrest is locked into an almost upright position.

(A completely upright position results in an uncomfortable sitting position for rear passengers.)

The orange shaded area in the photo shows the extra boot space created.
