

VOLKSWAGON POLO - 2009-2017

Our ref: H0515

2 VARIATIONS AVAILABLE FOR THE CAR

Please take some time to consider which floor variation suits your vehicle.

H0515-RAISED

RAISED FLOOR

Please note: your vehicle may NOT have this variable floor, but the floor sits at this raised level because there is something under the floor such as a sub-woofer.

Floor is raised to sit almost flush with the tailgate plate.

You cannot remove a false floor and refit your Bootliner

H0515-LOW

LOW FLOOR

Please note: the variable floor has been relocated to sit at its lowest level, creating a deeper boot

Floor that's sits much lower than the tailgate plate.

You cannot raise the false floor and refit your Bootliner
