

HONDA CIVIC TOURER - 2014 on

RAISED AND LOWERED BOOT LINERS

OUR REF: H0588

PACKAGING REQUIREMENTS.

BOOT LINER

- No additional fixings

TAILGATE COVER

- 16 x tabs self-adhesive loop fastener

Left - False floor lowered boot liner

Right - False floor raised boot liner

VERY IMPORTANT PREPARATION

To ensure the self-adhesive hook & loop fastener stick to the plastic trim, you **MUST CLEAN** the plastic from grime and **REMOVE** all the **SILICONE** applied during manufacture and valeting.

To do this please:

1. Use a silicone remover, such as 'Auto-Glym Intensive Tar Remover' and apply generously to the surface you want to adhere to.
2. Using a separate clean & dry cloth, thoroughly dry the surface until the cloth starts to drag. Attach 1 self-adhesive fastener tab to see if it sticks. (Repeat step 1 to 2 if necessary) A couple of spares have been provided.
3. Attach the self-adhesive fasteners and let them fully adhere over the next 24 hours for the best bond.

**The self-adhesive fasteners cannot be used once it has been in contact with silicone. Replacement kits are available from our website.*

STEP 1. PREPARATIONS

- Remove the load cover. It may be replaced later.
- Ensure you have positioned the False floor at the level that suits the model you have ordered.
- Unfold the Hatchbag and place in the vehicle. The panel with the Hatchbag label will sit against the back of the rear seat.
- Remove the offside net. It may be replaced later.

STEP 2. FITTING THE BASE

- Position the base snugly into place. Start behind the back of the rear seats
- The hook fastener welded to the reverse face of the liner will attach directly to the floor carpet.

STEP 3. FITTING THE FRONT

- **- PLUS / SPLIT VERSION ONLY** - fasten the hook & loop fasteners between the side panels and the seat panel.
- Starting with the middle headrest, loop the hook & loop fastener straps around both headrest posts. **(image E)**. Make sure to hold the front part of the base in position as not to pull the boot liner too far up. Repeat the procedure with the left and right headrests.

REAR PLUS VERSIONS

You **MUST** unfasten the hook & loop fasteners + the headrest straps before you recline the rear seat uppers. *(Please refer to REAR PLUS / SPLIT options on website to see detailed photo)*

STEP 4. FITTING THE SIDES

- Carefully position the side panels snugly into place.
- The hook fastener welded to the reverse face of the liner will attach directly to the carpet.
- There are slots that allow the net fixing points to protrude out, so that the net can be replaced.
- Insert your finger into the holes so that you can place the seam behind the fixing clips. Slide the net hooks through the clips and place the ends into the lower hole.

OPTIONAL EXTRAS

Please note the following photos are non-specific to your vehicle

STEP 5A. SEAT FLAP

- The Seat flap is designed to protect the top of your rear seat giving additional protection from drooling dogs etc.
- The Seat Flap can also be used in conjunction with the **Rear Plus** or **Split** Option(s). With the rear seats in the folded position the Seat Flap extends the coverage forward. (image 3)
- Lower the headrests
- Attach the Seat Flap to the loop fastener strip that has been manufactured into the Boot liner just below the top of the rear seats. (image 1)
- The flap is then placed over the rear head rests and down the back of the passenger seats. (image 2)
- If the Seat Flap sits over large headrests and obstructs your rear view: carefully create openings in the flap to accommodate the headrest posts.

STEP 5B. TAILGATE COVER

- Unclip the additional cover.
- Fasten the two fastener straps around the grab handles.
- Replace the additional cover to trap the tailgate cover in place whilst you use the self-adhesive loop fastener tabs to attach the cover to the plastic trim.

STEP 5C. BUMPER FLAP

- Fit boot liner
- Attach the Bumper Flap to the loop fastener strip that has been manufactured into the base of the boot liner. (image 5)
- The Bumper Flap either folds into the vehicle OR can be detached and stored elsewhere when you close the tailgate.

OPTIONAL EXTRAS page 2

Please note the following photos are non-specific to your vehicle

STEP 5D. FLOOR EXTENSION

The “Floor extension” offers superior protection to the rear seats when purchased in conjunction with a REAR PLUS option.(image 6)

- The Floor extension is designed to attach to a Rear Plus version liner.
- It offers additional protection to the back of the front seats and the extended floor area when the rear seats are folded flat.
- The max width is 148cm (see photo on left).
- It will offer no protection to the rear doors

The Seat Flap 5A, The Bumper Flap 5C & The Floor Extension 5D cannot be added at a late date

STEP 5E. FREQUENT USE KIT

- If you frequently remove/fit your boot liner from/to your vehicle please note that the carpet will “fluff” up – we have an alternative “Frequent Use Fitting Kit” (image 7+8)

The Frequent Use Kit is available to buy from our “on-line” Factory Shop – simply add it to your order from the Factory Shop. These can also be ordered at a later date.
