

VAUXHALL CORSA 3dr 2006 to 2019 – our ref H0593

The Bootliner does NOT accommodate a False Floor

The Bootliner is designed to be used in the vehicle with the false floor removed.

IDENTIFYING A FALSE FLOOR

Some Corsa models may be supplied with a False Floor. The adjustable floor offers variable floor levels in the load area.

The false floor will need to be removed from the vehicle before you fit the Bootliner

IDENTIFYING SEAT RECLINE

Near side view of car, showing the recline locking mechanism

Please choose from one of the following two options. The seat in the Vauxhall Corsa can be reclined. Please pre-recline the seats and choose from one of the following 2 options for the exact fit.

Option 1.

Rear Seat Back is upright in the front locking hole as indicated by number 1 on the photo.

Option 2.

The seat is subtly reclined in the second locking positions as indicated by number 2 in the photo.
